RESUME | PRODUCT MGR / UI-UX / FRONT END DEV

28 yo Millenial from Redmond, WA. I enjoy international travel, cycling, growing cactus, drinking too much coffee and mixing bass music as a DJ.

About me

Product manager with background in UX and experience in frontend development and digital marketing. My well rounded skillset helps me utilize creativity to conceptualize projects with technical knowledge to implement and turn ideas into reality. I connect stakeholders & execution, organize complex ideas, propose boldly and make things happen.
